REGION 10 BULLETIN NO: 2014-47

Subject: NTI Transit-Oriented Development Course

Date: September 29, 2014

The National Transit Institute (NTI) will be presenting a FREE course (\$550 for consulting, contractors, consulting, non-profit or Government agencies) concerning **“Transit-Oriented Development (TOD)”** in Seattle, Washington on December 2-3, 2014.

TOD is defined as compact, mixed-use development near transit that creates sustainable communities where people of all ages and incomes have transportation and housing choices where people can walk, bike, and take transit. The goal of this course is to help transportation and land use professionals effectively participate in the planning, funding, and implementation of transit-oriented projects that improve the environment, create a sense of community, and boost transit ridership.

This course is directed at transit agency planners and development specialists, State Department of Transportation planners and engineering, Metropolitan Planning Organization staff, Federal employees, city and county engineers and planners and consultants.

This course is an intermediate course. Although not required, participants should have a working knowledge of basic transportation, land use planning, transit planning, and operational concepts.

If you are interested in attending this course, please follow the link and register online: <http://ntionline.com/courses/courseinfo.php?id=82>. Questions on registration contact the NTI Program Coordinator Ginny Stern at 732-932-1700, ext. 226 or email gstern@nti.rutgers.edu.

For further information, contact Region 10’s John Witmer at 206-220-7964 or email john.witmer@dot.gov.

Sincerely,

Kenneth A.
