REGION 10 BULLETIN NO: 2012-50

Subject: Response and Recovery for Declared Emergencies and Disaster Webinar

Program Area: Training

Date: August 28, 2012

The Federal Transit Administration (FTA) will be scheduling a webinar called **“Response and Recovery for Declared Emergencies and Disasters: A Resource Document for Transit Agencies”**, on September 27, 2012 at 10:00 am PST.

Please note that participation in the upcoming webinar by transit agencies is strictly voluntary.

If you wish to attend this webinar, please provide us with your name, phone number and email address to our Region 10 mailbox, fta.tro10mail@dot.gov. We will then submit your name to Headquarters’, and they will send you an URL link to the webinar.

Prepared by the Federal Transit Administration’s (FTA) Office of Safety and Security, the “Response and Recovery for Declared Emergencies and Disasters: A Resource Document for Transit Agencies” is a new FTA resource document for transit agencies and other industry stakeholders.

It addresses response and recovery actions that transit agencies can take, including securing funding and reimbursement for restoring services following a declared emergency or disaster. It is written specifically for transit agencies that are either affected by a declared emergency or disaster or that offer services to an affected community or region. It applies to all modes of transit and to all types of declared emergencies and disasters.

This new resource document replaces the initial 2006 version titled “Disaster Response & Recovery Manual.” It will be integrated into FTA’s emergency management training curriculum and also presented through upcoming webinars.

The resource document is available at FTA’s website:

www.fta.dot.gov/documents/FTA_Response_Recovery_Declared_Emergencies_Disasters.pdf.
